

# Community Options Fair

For Consumers  Families  FDC Staff  Service Providers

---

March 10, 2017

South Coast Regional Project in conjunction with Fairview Developmental Center (FDC) is hosting a special event for people who live at Fairview and their families and friends.

We would like to invite you to participate in this networking outreach. The event will be held on

**Sunday, May 21<sup>st</sup> from 1PM to 3PM in FDC's auditorium**

The purpose of the Community Options Fair is to provide consumers and their families' information on the types of services available in the community. Fairview Families and Friends (FFF) will be meeting earlier in the day so we anticipate many of the family members being able to attend this event. This is great opportunity for your agency to meet and assist consumers and their family members in their transition process. Your participation would be to create an overview of your services presented from a table/booth area. FDC will provide tables, chairs, table cloths and electrical hook-up if needed. Hand-outs are nice and if you would like to bring something to give out, please be aware of our folks who might ingest smaller items. We encourage you to participate in this event not only to meet with our consumers and their families but also to network with other service providers. We will also have light refreshments for our participants.

If you are interested in participating in this event please fill out the reply form by April 17, 2017 and return via mail, fax or email to:

Community Options Fair

2501 Harbor Blvd. D-29
