#### Service and Procedural Standards

#### **PHILOSOPHY**

It is the philosophy of NLACRC that individuals with developmental disabilities have the right to access the same educational, vocational, and employment opportunities available to non-disabled people of the same age in their communities. Regardless of the severity of the developmental disability, NLACRC will advocate for and support integrated competitive employment for adult consumers. Similarly, for minors, NLACRC will provide advocacy and support for families, and service providers in promoting independence for their consumers through skill development and natural experiences, which lead to maximizing their opportunities for employment and active community membership when they enter adulthood. It is the responsibility of NLACRC and its partners to responsibly create, advocate and deliver supports and services that provide consumers opportunities to be as independent and self-sustaining as possible throughout their lifetime. NLACRC will provide quality information and advocate for consumers to ensure that they receive full benefit from generic services. In addition, NLACRC will assure the availability of alternate or supplemental community services and supports as well as site-based day program service options that are not available from generic services. These service options will ensure that consumers have a variety of viable and age-appropriate choices. Moreover, the consumer's personal preferences and cultural heritage will be considered in the provision of day program services.

#### **SCHOOL AGE**

#### **DEFINITION**

## Special Education

Under the Individuals with Disabilities Education Improvement Act (IDEIA) and the California Education Code, individuals with developmental disabilities ages 0 and up to 22 years old through the 21<sup>st</sup> year are entitled to a free and appropriate public education., which includes designated instruction and related services reasonably calculated to assist the individual in achieving his or her educational goals as agreed upon through the individualized educational program planning process.

Ages 0 through 2 years

"Free appropriate public education is offered to individuals 3 and up to 22 years old

For infants and toddlers less than 3.0 years of age and their families who are eligible to receive services from both the regional center and a local education agency, the regional center shall be the agency responsible for providing or purchasing appropriate early intervention services that are beyond the mandated responsibilities of local education agencies. The local education agency shall provide special education services up to its funded program capacity.

## Ages 3 through 21 years to 22 years old

- a. For children ages 3 through 4.9 years, special education preschool programs provided by school districts should be designed specifically to meet the unique intensive needs of these students if their needs cannot be met in a regular instructional program with modifications (e.g. regular preschool in the community).
- b. For children ages 4.9 up to 22 years old through 17 15 years, public school programs are intended to include, but not be limited to: academic training; prevocational and vocational training; speech therapy; occupational and physical therapies; transportation; mobility training; adaptive physical education; counseling services; social skills training; and other designated instructional services as identified in the student's Individualized Education Program (IEP).
- c. For children ages <u>14 and older 16 or younger</u>, if deemed appropriate, the IEP must include transition services to prepare the child for life after school. An Individual Transition Plan must be included in the IEP and updated every year to include:
  - Appropriate, measurable post-secondary goals based on age-appropriate assessments related to training, education, employment, and where appropriate, independent living skills.
  - The transition services, including the course of study, related services, community experiences, employment and adult living skills, needed to help the student in reaching those goals.
  - Beginning one year before the student reaches the age of 18, a statement that the student has been informed that the rights afforded to parents under IDEIA will transfer to the student at age 18, unless the student has been determined to be incompetent under state law. Transition services, IEP/ITP for a student with a disability in a secondary education setting (high school), are a coordinated set of activities that are:

<sup>1</sup> Code of Federal Regulations 34, Section SS300.101

- Focused on improving the academic and functional achievement of the student with a disability to facilitate the student's movement from school to post-school activities, including post-secondary education, vocational education, integrated employment (including supported employment), continuing an adult education, adult services, independent living, or community participation.
- O Based on the individual student's needs, taking into account the student's strengths, preferences, and interests.
- O Inclusive of instruction, related services, community experiences, the development of employment and other post-school adult living objectives, and, if appropriate, acquisition of daily living skills and a functional vocational evaluation.
- d. Adults with developmental disabilities 18 through 21 years and up to 22 years old are also entitled to continue in public education if they have not yet completed their prescribed course of study and/or have not met proficiency standards.

#### **POLICY**

NLACRC's authority to purchase educational services for consumers age 3 through 17 years of age is temporarily suspended, however NLACRC may grant an exemption on an individual basis in extraordinary circumstances. NLACRC will advocate and work with students and/or their representatives to secure all mandated services through the IEP or Individualized Transition Plan (ITP) process, including service coordinator or other regional center representative participation and/or development of an advocacy plan for the IEP. NLACRC will also encourage and counsel students and their families on the use of services offered by public schools under IDEIA.

NLACRC recognizes school age consumers (students, ages 3 through to 22 years old21 years inclusive) have the right to a free and appropriate public education. The needs of the student should determine the educational setting and related services. Academic, vocational, and related services should be provided in settings that offer opportunities to relate and develop friendships with peers of similar ages. NLACRC will support and advocate for students and families who choose full inclusion as their preferred educational setting.

NLACRC will advocate and work with families in the transition to the public schools when the consumer turns 3 years of age.

For students ages 14 and up to 22 years oldthrough 21 years, inclusive, who are preparing to leave public education, NLACRC will collaborate with the student, family, school and other community agencies to develop a transition plan that will optimize the student's success in employment and other adult roles in the community. For those students over

the age of 18 years who have completed their prescribed course of study and have received either a diploma or certificate of completion, NLACRC will coordinate services per Adult Educational and Vocational Program Services Standards.

It is the policy of the State that opportunities for integrated, competitive employment shall be given the highest priority for working age individuals with developmental disabilities, regardless of their disabilities.

Effective July 1, 2011, NLACRC shall not purchase day program, vocational education, work services, independent living program, or mobility training and related transportation services for a consumer who is 18-to and up to 22 years of age, if that consumer is eligible for special education and related education services and has not received a diploma or certificate of completion, unless the Individual Program Plan (IPP) team determines that the consumer's needs cannot be met in the educational system or grants an exemption.

#### **ADULTS**

#### **DEFINITION**

NLACRC funds adult day services and supports that are structured community or site-based programs, or supports that lead to integrated, competitive employment. NLACRC offers these services to consumers who are no longer eligible for public schools (usually age 22 years and older).

The following range of options (usually funded by the NLACRC) may be available as site-based or supported/community-based training and programming. Training and other activities should be based on a person-centered plan and take place in natural environments. Instruction should be based on a critical skills model.

- Integrated, competitive employment shall be the first option considered by the planning team, at or above minimum wage, including the prevailing wage, for working age individuals, but individuals may choose goals other than integrated, competitive employment and have a right to receive career counseling, information, and referrals.
- Post-secondary education, technical, or vocational training and internship programs may be considered as a means to achieve integrated, competitive employment, or career advancement.
- Skills training programs are designed to develop, maintain, increase, or maximize an individual's independent functioning in areas that may include self-care, physical development, emotional growth, socialization, self-advocacy, communication, functional academics, and cultural development. They are designed to enable adults to engage in productive work or other meaningful activities. The use of generic

resources must be considered first.

- Socialization and community-based training programs are designed for those consumers who may prefer to have increased skill acquisition prior to selecting a vocational or educational type of program. The programs provide planned activities that may be community-based and promote social interaction and participation in the community. They focus on the consumer's use of skills necessary for activities of daily living, socialization, recreation, and community integration.
- Behavior management day programs serve consumers who exhibit behaviors that require more intensive supervision than is available in day activity centers, adult development centers, and some vocational day services. A behavior management day program may serve consumers who are dually diagnosed with both developmental and mental illness. These programs may provide services through a combination of therapeutic interventions.
- Basic self-care programs focus on developing, maintaining, or improving functional skills such as toileting, eating, basic cleanliness and communication. In addition, the programs provide opportunities for practical skill development, socialization, vocational activities and community integration.
- The California Department of Rehabilitation offers a variety of vocational and employment services for eligible persons that include occupational training and individual supported employment. Paid work is offered in a variety of settings with supervision and/or support. The Department of Rehabilitation funds these services.
- The community offers a variety of adult education and training opportunities through such generic resources as community colleges and the state university system.

NLACRC places a high priority on opportunities for adults with developmental disabilities to choose and customize day services to meet their individualized needs, have opportunities to further the development or maintenance of employment and volunteer activities, direct their services, pursue postsecondary education, and increase their ability to lead integrated and inclusive lives. To further these goals, a consumer may choose a tailored day service or vouchered community-based training service, in lieu of any other regional center vendored day program, look-alike day program, supported employment program, or work activity program.

## Competitive Integrated Employment

Assisting individuals with a developmental disability to be competitively employed in integrated work settings is a high priority. Competitive employment means the individual is eligible for the same level of benefits provided to other employees and there are

opportunities for advancement that are similar to those for other employees who are not individuals with disabilities and who have similar positions. <sup>2</sup> Integrated employment means the engagement of an employee with a disability in work in a setting typically found in the community in which individuals interact with individuals without disabilities other than those who are providing services to those individuals, to the same extent that individuals without disabilities in comparable positions interact with other persons<sup>3</sup>

Effective July 22, 2016, and pursuant to the Workforce Innovation and Opportunity Act, individuals age 24 or younger must receive special education transition services<sup>4</sup>, and must be referred to the Department of Rehabilitation for assessment for competitive employment prior to engaging in subminimum wage employment. Further, an individual must either be found ineligible or unable to succeed at competitive employment and must receive career counseling before working a subminimum wage job.

An individual of any age who is already working in a subminimum wage job before July 22, 2016 must be provided with a career counseling, including information and referrals to programs in the employer's geographic area, annually.

Pursuant to section 4870 of the Lanterman Act, an individual may be placed in competitive employment by a vendored regional center service provider.

Further, the Center will work in partnership with local school districts and the Department of Rehabilitation to ensure individuals with developmental disabilities are referred for assessment for competitive employment and receive the supportive services necessary to achieve his or her employment goals.

Effective July 1, 2021 until June 30, 2025 the competitive integrated employment incentive payments for each milestone shall be as follows:

- 1) A payment of \$2,000 to the provider is the individual is still engaged in competitive employment after 30 consecutive days;
- 2) An additional payment of \$2,500 will be made to the provider if an individual remains in competitive employment for a consecutive six (6) months; and
- 3) An additional payment of \$3,000 if an individual remains in the same competitive integrated -employment for 12 consecutive months.

The Center will report annually to the department regarding the payments for placements and payments made on July 1, 2021 and thereafter will not be in addition to fees paid to supported employment programs for the placement of individuals in competitive employment pursuant to section 4860 of the Welfare and Institutions Code.

-

<sup>2</sup> Federal definition of "Competitive Integrated Employment" (Workforce and Innovation Opportunity Act, Section 7, 29 U.S.C. Section 705(5).)

<sup>3</sup> Section 4851 (o) of the Welfare and Institutions Code

<sup>4</sup> Please see transition planning requirements on page 38 & 39.

Lastly, service providers who place individuals in a paid internship program are not eligible to receive competitive, integrated employment incentive payments until the individual is transitioned into a competitive integrated employment placement that is not funded as an internship.

### Paid Internship Program

To encourage competitive integrated employment opportunities, individuals may participate in paid internships. The internships will be in competitive, integrated work environments and will assist in the development of skills that will facilitate paid employment opportunities in the future. Payments for internships cannot exceed \$10,400 per year for each individual placed in an internship.

Internships cannot exceed 1,040 hours per year per individual and payments include all employer related costs. Interns must be paid at or above minimum wage and equal to customary wage paid by employer for same or similar work performed by an individual without a disability.

On or after July 1, 2021, a \$750 payment will be made to the provider if an individual placed in a paid internship program remains for 30 consecutive days. An additional \$1,000 payment will be made if an individual remains in their paid internship for 60 consecutive days. Of note, placements must be in competitive, integrated work environments and must be directed toward the development of vocational skills that will facilitate paid work opportunities for the individual in the future. The Center will increase aware of internships to consumers outside of current employment programs as part of the individual program planning process as well as through outreach; the Center will also report program participation annually to the department.

## Tailored Day Service

A tailored day service shall do both of the following:

- Include an individualized service design, as determined through the IPP and approved by NLACRC that maximizes the consumer's individualized choices and needs. This service design may include, but may not be limited to, the following:
  - a. Fewer days or hours than in the program's approved day program, look-alike day program, supported employment program, or work activity program design.
  - b. Flexibility in the duration and intensity of services to meet the consumer's individualized needs.
- Encourage opportunities to further the development or maintenance of employment, volunteer activities, or pursuit of postsecondary education, maximize consumer direction of the service, and increase the consumer's ability to lead an

integrated and inclusive life.

The type and amount of tailored day service shall be determined through the IPP process.

The IPP shall contain, but not be limited to, the following:

- A detailed description of the consumer's individualized choices and needs and how these choices and needs will be met.
- The type and amount of services and staffing needed to meet the consumer's individualized choices and needs, and unique health and safety and other needs.

Effective July 1, 2011, and prior to the time of development, review, or modification of a consumer's IPP, NLACRC will provide information about tailored day service to eligible adult consumers. A consumer may request information about tailored day services from NLACRC at any time and may request an IPP meeting to secure those services.

#### **Vouchered Community-Based Training Service**

A vouchered community-based training service is defined as a participant-directed service that assists the consumer in the development of skills required for community integrated employment or participation in volunteer activities, or both, and the assistance necessary for the consumer to secure employment or volunteer positions or pursue secondary education. Vouchered community-based training services shall be provided in natural environments in the community, separate from the consumer's residence.

A consumer, parent, or conservator vendored as a vouchered community-based training service must utilize the services of a financial management services (FMS) provider. NLACRC will provide information about available FMS and will assist the consumer in selecting a FMS vendor to act as co-employer. A parent or conservator cannot be the direct support worker employed by the vouchered community-based training service vendor.

If the direct support worker is required to transport the consumer, the vouchered community-based training service vendor will verify that the direct support worker can transport the consumer safely and has a valid California driver's license and proof of insurance. A consumer vendored as a vouchered community-based training service may also be eligible for a regional center-funded bus pass, if appropriate and needed.

Vouchered community-based training services are limited to a maximum of 150 hours per quarter. The services to be provided and the service hours will be documented in the consumer's IPP.

A direct support worker of vouchered community-based training service must be an adult who possesses the skill, training, and experience necessary to provide services in accordance with the IPP.

Effective July 1, 2011, and prior to the time of development, review, or modification of a consumer's IPP, NLACRC will provide information about vouchered community-based training service to eligible adult consumers. A consumer may request information about vouchered community-based training service from NLACRC at any time and may request an IPP meeting to secure those services.

The type and amount of vouchered community-based training service is determined through the IPP process. The IPP will contain, but not be limited to, the following:

- A detailed description of the consumer's individualized choices and needs and how these choices and needs will be met.
- The type and amount of services and staffing needed to meet the consumer's individualized choices and unique health and safety and other needs.

#### **POLICY**

It is the policy of NLACRC to advise, advocate and help adult consumers (usually age 22 years and older) to access adult education, employment opportunities, vocational services, or adult day services to meet their individual needs and preferences. It is the intent of the Lanterman Developmental Disabilities Services Act that appropriate generic resources need to be explored and utilized. Effective October 9, 2013, each regional center IPP planning team, when developing an IPP for a working age adult, must consider a specified Employment First policy. Integrated competitive employment will be the first option considered for every adult NLACRC supports at or above minimum wage, and all goals developed and service provided shall be done with that outcome in mind. Post-secondary education, technical or vocational training, and internship programs may be considered as a means to achieve integrated, competitive employment or career advancement. The use of generic resources must be considered first.

It is the responsibility of the planning team, through the IPP process, to identify the appropriate day service for a consumer. The team must consider the consumer's preferences and the ability of the service provider to meet the consumer's IPP goals and objectives. With the exception of tailored day program services, the regional center shall set forth in the IPP the length of the consumer's program day. The regional center may change the length of the declared and approved program day in order to meet the needs of the consumer upon the recommendation of the IPP planning team. The regional center shall set forth in the IPP the reasons for the change in the length of the declared and approved program day. The team must also assess the effectiveness and cost-effectiveness of the service when NLACRC funds are to be used.

Adult day services and supports may be provided in many settings and service formats to attain desired goals and objectives. Therefore, periodic IPP meetings must be scheduled to determine if the desired outcomes are being accomplished.

Finally, adult day services and supports should provide maximum opportunity for valued activities, meaningful work and learning in integrated settings within a framework for a pattern of life similar to non-disabled persons of the same age. There should be close communication between the adult day service and primary care giver and/or others designated by the consumer to assure continuity.

#### **SENIORS**

#### DEFINITION

Generic programs for seniors are offered by agencies funded by Area Agencies on Aging under Title III of the Older Americans Act and are available to anyone 60 years of age and older.

In addition to day program services, senior programs may offer congregate and home delivered meals, case management, in-home and residential services, escort transportation, legal services, information and referral, physical and mental health services, and other social activities.

Services to a senior with developmental disabilities are directed toward assisting the individual to participate in social and recreational activities while retaining his or her ability to function as independently as possible. NLACRC will refer eligible consumers to generic services for seniors. NLACRC may purchase or develop specialized services or supports needed to integrate consumers successfully into generic senior programs.

NLACRC acknowledges that consumers who are engaged in work or adult services should be involved in retirement decisions as part of an individual planning process. It is recognized that not all seniors with developmental disabilities may be best served in programs for senior citizens. Adult day services and "alternative senior program" components will be available as a service option to older persons with developmental disabilities.

## **POLICY**

It is the policy of NLACRC to assure that older persons with developmental disabilities are aware of and have access to the services afforded to all individuals more than 60 years old under the Older Americans Act.

Services to a senior with developmental disabilities should help that individual to participate in social and recreational activities while retaining his or her ability to function as independently as possible. NLACRC will refer eligible consumers to generic services for seniors. NLACRC may purchase or develop specialized services or supports needed to

integrate consumers successfully into generic senior programs.

NLACRC acknowledges that consumers who are engaged in work or adult services should be involved in retirement decisions as part of an individual planning process. It is recognized that not all seniors with developmental disabilities may be best served in programs for senior citizens. Adult day services will continue to be available as a service option to older persons with developmental disabilities.

#### **EXCEPTION PROCEDURE**

NLACRC cannot anticipate all requests for educational and vocational services and supports. It is recognized that some individual needs are so unique that they are not addressed in this service standard. Therefore, NLACRC's executive director or his/her designee may grant exceptions. The planning team must make a request for an exception to the center's staffing committee. The committee must review the request and make a recommendation to the executive director or his/her designee.

# North Los Angeles County Regional Center Consumer Advisory Committee

#### **Policies & Procedures**

#### **Bylaws**

The Consumer Advisory Committee is established as a standing committee in Article VII., Section 10, of the bylaws of the Board of Trustees of the North Los Angeles County Regional Center, pursuant to Welfare and Institutions Code Sections 4622(G) and 4626. The committee is responsible for providing the center's Board of Trustees with recommendations on issues important to consumers, such as legislation or services and supports provided by NLACRC or other publicly-funded entities.

## Appointment of Committee Chairperson and Vice-Chairperson

The Consumer Advisory Committee chair shall be a member of the Board of Trustees and elected by the Board of Trustees. The term of office shall be one year with no limitations on the number of terms. However, the Nominating Committee should give consideration to alternating their nomination for the position among eligible board members. # North Los Angeles County Regional Center Strategic Planning Committee

#### Policies & Procedures

#### Rationale

North Los Angeles County Regional Center's (NLACRC) Board of Trustees will create a permanent Strategic Planning Committee (SPC) charged with developing and implementing annual performance contract objectives. The committee will also <u>participate in the development and monitoring of the Center's strategic plan and give advice to the Board of Trustees on developing a long-range resource development plan.</u>

#### Composition

- The composition of the SPC shall be consistent with requirements found in the Lanterman Developmental Disabilities Services Act for regional centers when convening any task force or advisory group. As such, the SPC shall may have members who are or who represent primary consumers, family members, service providers, the State Council, and staff. The SPC should have not less than twelve (12) or more than sixteen (16) members, of which a minimum of 60% being board members. The chairperson is selected by the members of the committee.
- The board president, with the advice and consent of the Board of Trustees, shall appoint committee members. A quorum shall consist of 50% of the members of the SPC.

#### Purpose

The SPC will identify gaps in the service delivery system and recommend alternatives to close these gaps. The committee may identify service gaps in generic agencies within NLACRC's catchment area that may require some systems advocacy, legislation or interagency coordination.

#### Duties

The duties of the SPC shall be to provide advice participate in the development of NLACRC's strategic plan, performance contract and make recommendations to the Board of Trustees on adopting and modifying goals and objectives contained in the performance contract. The committee may advise to the Board of Trustees on developing a long-range resource development plan and participate in the strategic planning of types of services needed. At the direction of the Board, the SPC may be required to develop recommendations for the Board's consideration in other areas, such as pending legislation, housing, or other activities that may require NLACRC to utilize a community forum for input.

Formatted: Normal, Centered

Commented [RJ1]: A recommendation to change this from "shall" to "may" was made during the 12/6/21 committee meeting however the board bylaws state "shall" and thus, a change in this language could result in a failure to adhere to the bylaw (since bylaw requires this composition, and the proposed amendment to policy would make it optional).

**Commented [RJ2]:** This provision makes the policy consistent with the bylaw re: the SPC.

No.	Description	Contract Summary
1.	Contract Overview: (New or Amendment) (POS or OPS)	New - Nonresidential Negotiated Rate Agreement Purchase of Services (POS)
2.	The Name of Vendor or Service Provider	WiCare LLC Vendor Number HL0973, Service Code 862
3.	The Purpose of the Contract	Service Provider provides In-Home Respite Services Agency services pursuant to statute and Title 17 regulations, Sections 56702 through 56734 and Sections 56776 through 56802.  Pursuant to WIC, Section 4418.6, respite care is a service offered for individuals with developmental disabilities. Respite care means temporary and intermittent care provided for short periods of time. The rate of reimbursement for respite care
		services is established by the Department of Developmental Services ("DDS"). However, NLACRC calculates a rate that is less than the DDS set rate for those situations when more than one consumer ("siblings") is being provided respite at the same time.
4.	The Contract Term	Five (5) year contract effective February 1, 2022 through January 31, 2027
5.	The Total Amount of the Contract	Projected annual value of the contract is \$1,228,038.32 based on actual FY21 expenditure of similar service code 862 providers. The projected total value of the contract over the 5 year term is \$6,140,191.60.
6.	The Total Proposed Number of Consumers Served	Projected 102 consumers per month.
7.	The Rate of Payment or Payment Amount	Payment will be reimbursed to service provider based on 1) the actual services authorized; 2) the actual services provided; and 3) the authorized DDS-set rate.
8.	Method or Process Utilized to Award the Contract.	Based on vendorization requirements under statute and regulation for In-Home Respite Services Agency services.

9.	Method or Process Utilized to Establish the Rate or the Payment Amount	Agency rate for 1 consumer is established by DDS. Projected rate, pending DDS approval. Anticipated to be \$26.73 per hour.  The hourly rate per consumer for sibling rates is calculated according to the following formula:  • For 2 siblings: rate x 1.25% / 2 consumers  • For 3 siblings: rate x 1.50% / 3 consumers
10.	Exceptional Conditions or Terms: Yes/No If Yes, provide explanation	NLACRC requested the rate from DDS on November 30, 2021 with an effective date of February 1, 2022. Once NLACRC receives the DDS rate letter, contract will be retro-active to the vendorization and rate approval date of February 1, 2022.

1.	(New/Amendment) (POS/OPS)	Service Development Agreement, <b>POS</b>
2.	Name of Vendor or Service Provider	W &W Joint Ventures, Inc. Project #: NLACRC-2021-02 Vendor Number: PL2057, Service Code: 999
		Service Development Agreement to provide startup funding to develop one (1) Specialized Residential Facility ("SRF"). The SRF will serve a maximum of four (4) female adult residents in single occupancy bedrooms. The facility will serve individuals with intellectual disabilities and complex behavioral/medical needs needing placement from a state developmental center, IMD, or state hospital and/or who require forensic follow-up.  Behaviors may include, and are not limited to,
3.	Purpose of the Contract	physical aggression, property destruction, self- injurious behavior (SIB), forensic/court involvement, mental health diagnoses and other behavior challenges requiring support. Residents will need assistance with activities of daily living, safety, communication, socialization, community integration and court appointments. Residents may be cognitively and/or physically impaired (e.g. difficulty making socially acceptable decisions).
		In place of delayed egress, the home will have a strong clinical component with an emphasis on empirically supported behavior services.
		The purpose of the First Amendment is to fix a clerical error and remove a requirement that the DSS Community Care Licensing license specify a capacity for non-ambulatory residents. The Request for Proposal published on March 23, 2021 and awarded to Contractor on June 10, 2021 for project NLACRC-2021-02 did not specify the ambulatory status of Consumers occupying the home.
4.	Contract Term	FY2020-2021, June 1, 2021 – March 31, 2023
5.	<b>Total Amount of the Contract</b>	\$300,000.00 to develop one Specialized Residential Facility

6.	Total Number of Consumers Served	A maximum of four (4) consumers.
7.	Rate of Payment or Payment Amount	Payment will be reimbursed to service provider based on achievement of Performance Milestones.
8.	Method or Process Utilized to Award the Contract	Request for Proposal (RFP) process that was published by NLACRC on March 23, 2021.
9.	Method or Process Utilized to Establish the Rate or the Payment Amount	FY2020-2021 CPP start-up funds were requested by NLACRC from DDS, and DDS approved the funding in the NLACRC FY2020-2021 CPP approved plan on March 18, 2021. Funds were allocated in the B3 allocation.
10.	Exceptional Conditions or Terms: If Yes, provide explanation	This project does not have a Housing Development Organization.  The license for Adult Residential Facilities issued by the California Department of Social Services Community Care Licensing Division details the capacity and ambulatory status for residents within the home. The term "non-ambulatory" means "a person who is unable to leave a building unassisted under emergency conditions".

#### I. LEGISLATION

2022 Legislatures returned from recess on January 3<sup>rd</sup> and the Governor's Budget was released on January 10, 2022.

#### II. STATE/LOCAL UPDATES

#### A. Department of Developmental Services (DDS)

#### Quality Incentives Workgroup

This group meets monthly for the purpose of developing quality measures and/or benchmarks to improve consumer outcomes, service provider performance and service quality. DDS has contracted with Person Centered Consulting to support the effort; where the focus is on measuring improvement at the individual, organizational and systemic levels.

#### • Regional Center Performance Measures Workgroup Meeting

This group meets monthly for the purpose of identifying and recommending standardized performance measures across regional centers. The four priorities for performance measures are: service equity and access, person centered planning, consumer and family satisfaction, and service availability and delivery.

#### • Early Start Webinar Series 2022 – Cultural Humility

Begins January 11th and concludes April 26th; series that includes an introduction to unconscious bias and cultural humility, as well as integrating cultural humility into Early Start practice. Registration required. CEUs available for OTs, SLPs, Nurses, MFTs, LCSWs; fee required.

#### B. Association of Regional Center Agencies (ARCA)

- Core Staffing Formula Revision ARCA with the assistance of a consultant, a former RC Chief Financial Officer, has developed a new formula that calculates the allocation for service coordinator positions at the actual cost for hiring and providing fringe benefits. This will reasonably assure regional center an adequate amount of funding to secure the number of service coordinators needed based on caseload data.
- Public Webinars and Coordinated Materials in an effort to help our community further understand the regional center system and services, ARCA has begun hosting webinars on topics of interest such as employment. They also create informational materials, most recently an infographic that provides information on various topics. Their most recent topic is employment, where information will be provided regarding competitive integrated employment, "Employment First', paid internship program, supported employment programs, setting employment goals, community resources such as Department of Rehabilitation and American Job Centers of the question California, regional centers, and will answer "Why Work?"

• **Developmental Disabilities Inclusion Resolution** – ARCA is proposing a resolution, based on the recommendation of an ARCA board delegate who shared her perspective that awareness of developmental disabilities is not enough, there should be inclusion. The resolution seeks to establish a Dev. Disabilities Inclusion Month; ARCA is currently seeking authors and will seek legislative approval.

#### C. State Council on Developmental Disabilities (SCDD)

National Core Indicator Survey Cycle – SCDD will begin the survey cycle for the Adult Family Survey, Family Guardian Survey, and the Child Familiy Survey; all surveys will be mailed to the homes of families for the parent/guardian to complete.

### IV. Committee Business

### A. FY2021-22 Reports

### 1. FY 2021-22 Financial Report

FY2021-2022 Financial Report for the service month of October 2021 was reviewed with committee members. The Center's projected C-1 operations budget allocation was \$65,774,429 and the Purchase of Service (POS) budget was \$661,164,740 for a total budget of \$726,939,169 During the October 2021 service month, the Center spent a total of \$54,177,369, and the year-to-date expenditures were \$201,231,331 Currently there is no reported projected surplus or deficit, as the first POS Projected Expenditure ("PEP") Report is not due until December 10, 2021. The Center's year-to-date (YTD) administrative operating expenses were 15.5%, which is over the statutory 15% administrative cost cap. Committee members were informed that administrative costs have decreased by .1% as compared to the prior month and it is anticipated that the trend will continue.

The Cal Fresh Project line item was one-time funding received from DDS to assist individuals to enroll in the Cal Fresh Program, which helps individuals access food and other necessities.

**Action Item:** Director of Finance to remove the Cal Fresh Project line item from the financial statements.

### 2. COVID-19 Related Expenditure Report as of November 3, 2021

### B. FY2020-2021 Reports

### 1. Provider Relief Funds Financial Report

The FY2020-2021 Provider Relief Funds Financial Report for the service month of October 2021 was reviewed with the committee. The report showed the Center received \$991,226.62 in funding. Year-to-date expenditures were \$932,207.44 with a remaining balance of \$59,019.18, which needs to be spent by December 31, 2021. Slated for tech department / laptops. The expectation is that we should have it spent by the December state claim, otherwise will be spent by Dec. 31. Because we claim in arrears it may show up in January state claim.

### C. Approval of Contracts

1. Software Management Consultants, Inc. (SMCI) (SQL Developer/Network Architect Services)

This is the first contract amendment with SMCI. SMCI consultants digitized the physical records and provided assistance with internet data capture, SQL backend development, and frontend user interfaces. This amendment hired a third SQL developer consultant via SMCI who had specialized expertise and awareness of the needs of NLACRC. The consultant was to develop the data warehouse projects to capture data that isn't captured by consumer or state warehouses. The contract and amendment were for a 12-month contract, and the amendment was written in the amount of \$138.4K for a total contract value of \$375.8K.

**M/S/C** (M. Davis / J. Sunderland) To recommend acceptance of the SMCI contract amendment as presented to the executive committee.

2. Excellence Community Rehabilitation Program LLC (ECRP)(PL2079-055)

This contract provides non-residential community integration training, self-help and adaptive skills pursuant to Title 17 for four or more hours per day, one of more days per week, from December 1<sup>st</sup> 2021 through November 30, 2026. The expense was \$811.4K per year over five years for a total of \$4.06MM.

Payments were for actual services authorized and provided. These services are to be based in Santa Clarita and Antelope Valley.

3. Excellence Community Rehabilitation Program LLC (ECRP) (HL0972-880)

This contract provides transportation in conjunction with PL2079-055 (C.2 herein) from December 1, 2021 to November 20, 2026. The cost is

\$109K per year over five years for a total of \$546.6K. Both contracts anticipated serving 38 consumers per month.

**M/S/C** (J. Sunderland / M. Davis) To recommend both contracts from ECRP be approved by the executive committee.

**Action Item:** Organize Board Resolution documents for presentation in this order: 1) the contract summary page(s), 2) executive summary page(s), and 3) Certification page that summarizes the action taken by the Board Additionally, a line indicating the service area(s) should be added.

### D. Executed Contracts by NLACRC

1. POS Contract Renewal(s)

Contract renewal summary for Behavioral Learning Services with service between January 21, 2021 and December 31, 2025. 47 consumers were served per month with a projected annual revenue of 1.1MM per year. Services were located in Palmdale, Valencia and San Fernando Valley.

- 2. No Report: Addition of New Sub-Code to Existing POS Contract
- 3. No Report: Health & Safety Exemptions approved by DDS
- 4. No Report: Addition of CIE & PIP Services to Existing POS Contract(s)
- 5. No Report: New POS Service Contracts:
- 6. Addition of New COVID-19 Sub-Code to Existing POS Contract

Two executed contracts, Valley Village Cozycroft and Valley Village Gladstone, serving the San Fernando Valley, added sub-codes due to COVID-19.

- 7. No Report: Health & Safety Exemptions approved by Executive Director under DDS Directive dated August 15, 2020 due to COVID-19
- 8. <u>No Report:</u> Service Provider Revision to Existing Program Design

### E. Intermediate Care Facility (ICF) and State Plan Amendment (SPA) Summary

The committee was provided the ICF/SPA billing summary and the ICF/SPA outstanding receivables report, dated November 18, 2021 in the meeting packet and the reports were reviewed with the committee. By fiscal year, the amount of cash disbursed by NLACRC that has not been reimbursed to NLACRC by ICF service providers is:

- 1. FY 2021-22: \$ 2,492,700.29 2 FY 2020-21: \$ 698,712.19
- 3. FY 2019-20: \$ 89,300.43
- 4. <u>FY 2018-19:</u> \$ 9,385.42

Total: \$ 3,290,098.33

Month-to-month change in the outstanding ICF/SPA receivables was an increase of 18.8 %.

### F. <u>Human Resources</u>

### 1. Monthly HR Report

Copies of the monthly human resource summary as of November 2021 were presented to and reviewed by the committee.

The summary included the following information:

FY 2021-22 Authorized	667
Positions	
Open positions on hold	0
Open CSC positions vacant	42
Open Non-CSC Positions vacant	45
Separations	6
Sub-total	574
New hires	19
Positions filled	593

It was reported that there was a decrease in separations during November 2021, and the annualized turnover rate for November was 0.08%. 16 new hires were projected in December and January, with the majority being service coordinators. There was a reduction in separations in November despite the new COVID related requirements.

Job descriptions were being converted to new job advertisements. The American Job Center of California has received the postings, and a meeting to discuss next steps will be held in December. ZipRecruiter and ADP's Job Target function were included in December as part of the recruitment strategy. Job Target allows for posting on various sites with information transferred directly to our applicant tracking system within ADP. This was to be tested in five key positions.

Recommendation to create a turnover rate metric per client to focus on the impact on individual people. Technology would be needed in order to capture the data of direct service provider turnover. Discussion was held on the value of continuity of providers versus the quality of service. Quality service is needed despite turnover.

Strategies in place to minimize personnel changes include training for supervisors to minimize disruption when assigning caseloads. Stay interviews were also implemented to capture data to help with retention strategies.

- 2. Recruitment Policy Update defer to January to allow committee a chance to review
- 3. Status of the Employee Referral Policy

The draft policy is under review and a meeting is scheduled with the Director of Finance on December 1<sup>st</sup> to review fiscal impact. Plan to bring to Committee in January or February 2022.

### G. Personnel and Administrative Services Report Due December 1, 2021

Required under DDS contract to provide these reports.

### 1. Report on Personnel Classifications

The contractual requirements for personnel classifications as required per DDS. Each classification had a salary range with and without ABX. This information was posted to the website and provided to DDS.

### 2. Report on Administrative Expenditures for FY2020-2021

The expenditures for each type of services, recipient of funds, and purpose of expenditures were listed and posted on the website provided to DDS.

### 3. SB134 Report on Personnel Salaries, Wages & Benefits

SB134 requires that all employee benefits for all managerial positions be posted. Each benefit was listed with eligible managerial positions. The information was posted on the website provided to DDS.

### H. Update on Request for Proposal for New CPA Firm (WIC 4639)

1. Review RFP for CPA Timeline

The status of the selection of the new CPA firm was shared with the Committee. The deadline for the submission of proposals by CPA firms is December 31, 2021.

### I. Quarterly Fees Report(s) for PRMT and UAL

1. Quarterly PRMT Fees Report for period ending 09/30/2021

YTD total investment management fees from Highmark and US Bank totaled \$36K, and NLACRC made a contribution of \$36.5 to replace fees charged by US Bank in 2020 and 2021.

2. Quarterly CalPERS Unfunded Accrued Liability Trust (UAL) Fees Report for period ending 09/30/2021

The year-to-date total fees for the trust were \$727K. Contributions including \$36K to replace dispersed funds for a 21-2022 annual lump sum payment to CalPERS as authorized in June of 2021; \$3MM for 2019-20 as approved in June 2021; \$2.5MM for 2021 as approved in May 2021; and \$3.2K to replace 2021 fees charged by US Bank to UAL.

J. FY2021-2022 Administrative Affairs Committee Critical Calendar

A recommended revised Critical Calendar was presented to and reviewed with the Committee. Added more context for clarity. Contract process training was added to October. Request to add summary of any potential Board Conflict of Interest to September as it pertains to contracts.

M/S/C (L. Martinez / M. Davis) to recommend to the Board for approval.

### K. Board Policies

1. Revised Awarding Start-Up and Development Funding Policy Went to Board for Review in November, Recommendation to take to Board to Approve then revised policy will become policy.

**M/S/C** (M. Davis/J. Sunderland) to recommend to take to Board for approval

2. Discussion regarding a Board Policy for an Operations Request For Proposal (RFP) Policy

The purpose of this discussion is to provide for diversity and not limit opportunities only to current vendors. Recommendation that this take place through an RFP process, expand quotes or advertisement, or alter the threshold of \$250 for board approval.

Recommendation that this be a procurement rather than RFP policy. Framework for single or sole source vendors, which choices are driven by 1) monopolistic environments, 2) emergencies, 3) IT or specialized expertise, 4) compatibility reasons, 5) maintenance or repair vendors preferred by clients and/or 6) Contracts under \$250K, which would not go to the board. Outside of these parameters, a written price or rate quotation from at least two vendors or an RFP process would be required. A request for quote would be for price-based purchases. RFPs would be for quality-based purchases.

Discussion included the immediate concern that all vendors in consideration were both previously used vendors and under the \$250K benchmark. For these smaller purchases, diversity of options was desired. Review of other non-profits for this procedure was suggested.

During solicitation of proposals, wording could include "one of the parties could be a non-vendor." It was stated that the essential need was making the community aware and the information accessible. One obstacle for RFPs was that they make it harder to hit deadlines and provide for needs without delay. RFPs require no less than four months to process.

Others voiced the importance of modeling inclusion and that using more time to make that happen would be of value. Discussion also included the goal to improve the resources, not make the process harder.

**Action Item**: Send the framework for committee consideration. Committee members to review the concepts and return with thoughts.

### V. Items for the Next Board Meeting

The following items were identified for the committee's section of the January 10, 2022 board meeting agenda:

Operations ("OPS") Project Line Item Report FISCAL YEAR 2021-2022 November 2021

	Projected Annual C-2 Budget	EXPENDED MONTH	EXPENDED Y-T-D	BALANCE REMAINING	PROJECTED EXPENDITURES	SURPLUS/ (DEFICIT)
Family Resource Center (" <b>FRC</b> ") Self Determination Program (" <b>SDP</b> ") Participant Support	\$207,187 \$149,331		\$0 \$0			\$0 \$0
TOTAL:	\$356,518	\$0	\$0	\$356,518	\$356,518	\$0

<u>Family Resource Center:</u> Family Resource Center provides services and support for families and infants and toddlers, under the age of three years, that have a developmental delay, disability, or condition that places them at risk of a disability. Services include, as specified in Government Code 95024(d)(2), parent-to-parent support, information dissemination, public awareness, and family-professional collaboration activities; and per Government Code 95001(a)94), family-to-family support to strengthen families' ability to participate in service planning.

<u>Self Determination Program Participant Support:</u> The SDP allows for regional center consumers and their families more freedom, control, and responsibility in choosing services, supports, and providers to help meet the objectives in their individual program plans. The SDP Participant Support is for regional centers, in collaboration with the local volunteer advisory committees, to assist selected participants in their transition to SDP.

### PROVIDER RELIEF FUNDS aka CARES ACT FUNDING FINANICAL REPORT-MONTHLY RECAP FISCAL YEAR 2020-2021 December 2021

DESCRIPTION	PROVIDER RELIEF FUNDING aka CARES ACT FUNDING	EXPENDED MONTH Through 12/31/21	EXPENDED Y-T-D	BALANCE REMAINING	PROJECTED EXPENDITURES	SURPLUS/ (DEFICIT)
Provider Relief Funds aka CARES Act Funding	\$991,226.62	(\$59,065.99)	\$991,273.43	(\$46.81)	\$991,226.62	\$0
TOTAL:	\$991,226.62	(\$59,065.99)	\$991,273.43	(\$46.81)	\$991,226.62	<b>\$0</b>

Provider Relief Funding: On April 10, 2020, Health and Human Services ("HHS") made available the first disbursement of \$30 billion of the \$100 billion that Congress allocated to hospitals, physicians, and other health care providers in the Public Health and Social Services Emergency Fund in the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), also known as the Provider Relief Funding. Eligible providers include participants in state Medicaid/Children's Health Insurance Program ("CHIP") programs. Regional Centers were eligible for the Provider Relief Funds because regional centers provide Medicaid-funded case management services to Consumers. Service Providers were also eligible because a substantial percentage of Consumers served have Medi-Cal and received Medicaid-funded Home & Community-Based Services ("HCBS"). NLACRC applied for the Provider Relief Fund and received Provider Relief Funds on November 20, 2020. NLACRC must utilize the Provider Relief Funds by December 31, 2021, or any unused amounts will be forfeited and must be returned to HHS. All recipients of Provider Relief Funds must submit documents sufficient to ensure that the Provider Relief Funds received were used for healthcare-related expenses or lost revenue attributable to the coronavirus. Provider Relief Funds must be used for COVID-19 or health related expenses purchased to prevent, prepare for, and respond to coronavirus, including but not limited to, acquiring additional resources, including facilities, equipment, supplies, health care practices, staffing, and technology to expand or preserve care delivery. Reporting on the use of the CARE's Act Funds received is on or before March 31, 2022.
